CIRCULAR KNIT YARNS

AW20/21

# floral

Exploring the constantly changing and evolving decadent beauty of flowers and their supporting eco system. Frivolous and decorative with multiple dimensions and surface layering, their natural vibrancy of colours taken into a more sophisticated range of pinks and purples with a frosted whitened winter shimmer. Contrasting a subtle volume with softness and loftiness to create a range of comforting second skin delicate yarns.

## IN SEARCH OF EXCELLENCE

For AW 20/21 we have developed our collection with sustainability very much at the forefront of our concepts whilst still maintaining a strong fashion directional collection. We have taken inspiration from the origin and source of materials, where they come from and the natural beauty of colour, surface and pattern they create.

Since the need to be more sustainable has become an essential element of all fashion collections and no-longer just a niche market with specific products, we have created all our yarns to now be available with an eco-friendly alternative.

Please see our eco symbol that indicates a sustainable alternative to all our special effect yarns.

Our trends and yarns are merely a starting point to inspire you for the season, however we are more than happy to develop to any customers unique ideas and requirements.
