vegetal

Inspired by nature and foliage evoking a more simple, stripped back mood steeped in eco-consciousness and a celebration of our natural surroundings. The variegated colour levels of mossy surfaces evoke a palette of undergrowth greens and earthy yellows with a neutral base of subtle birch bark greys. Promoting a sense of sustainability with recycling, eco fibres and a more natural, imperfect organic look.

IN SEARCH OF EXCELLENCE

For AW 20/21 we have developed our collection with sustainability very much at the forefront of our concepts whilst still maintaining a strong fashion directional collection. We have taken inspiration from the origin and source of materials, where they come from and the natural beauty of colour, surface and pattern they create.

Since the need to be more sustainable has become an essential element of all fashion collections and no-longer just a niche market with specific products, we have created all our yarns to now be available with an eco-friendly alternative.

Please see our eco symbol that indicates a sustainable alternative to all our special effect yarns.

Our trends and yarns are merely a starting point to inspire you for the season, however we are more than happy to develop to any customers unique ideas and requirements.
